

Dear Community Members,

The Inwood Community Center was built over 30 years ago largely through volunteer work. Since established, the Community Center has housed the city offices, public library, meeting rooms, fitness area, gymnasium and racquetball court. Unfortunately the heavy snow and ice from winter storms last year were too much for the building to handle and the roof over the gymnasium collapsed in January.

In the months since the collapse, it has become abundantly clear how beloved the Community Center is. Truly a gathering place for all sorts of folks and events, this building brings together people to celebrate weddings, hold a summer day camp for kids and host fitness classes. It provides a space for local groups, organizations and churches to feed soup or pancakes, for kids to visit Santa and for dads to dance with their daughters.

The goal now is to turn lemons into lemonade by rebuilding the Community Center into a multipurpose space that will be well loved and utilized for the next 50 years or more by city residents as well as those living in surrounding towns. The new Community Center is designed to enhance the lives of community members, to bolster their ability to stay connected, be active and maintain meaningful engagement. The project includes an expanded library, larger meeting and activity rooms, additional restrooms, a more spacious wellness center, and multipurpose gymnasium that can be used for regulation sports activities as well as large celebrations. It has several designated entrances for each area housed in the building, making it accessible and secure but allowing multiple activities to occur simultaneously.

Give and Make a Difference

More than just a building, the Inwood Community Center is a highly utilized hub that is at the heart of Inwood. A charitable donation to the Inwood Community Center Rebuilding Project directly benefits the local community, families, and organizations. Your contribution helps to provide affordable high quality spaces and important services to our community. Every donation helps us reach our goal of \$5.5 million dollars. Please contact the Inwood Community Center Rebuilding Project Committee at inwoodccrebuild@gmail.com or reach out to committee members (see list below) for more information.

The city plans to start bidding the project right after the 1st of January with the goal of attaining the full amount in cash and pledges by mid February. With your support in reaching this goal, we can break ground in Spring 2024!

Thank you very much for your support in this transformational community project!

Sincerely,

The Capital Campaign Committee

PJ Van Engen, Kenny Scholten, Laurel Reinke, Lindsey Van Den Top, Melissa Rozeboom, Chad Evans, Clint Berentschot, Justin Bonnema, Sandra Guzman, Kendra Hage, Becca Bixler, Brookstin Halma, Jennifer Hofer, Amy Singsaath
